PICTURESQUE

Just off of Hwy. 82 at mile marker 29, right between Cloudcroft and Mayhill, you will find Lazy Day Cabins & RV Hideaway nestled in the Sacramento mountains. We've been told we have the best views on the mountain. Enjoy the picturesque view from under the tall, ponderosa pines.

BACK TO NATURE

Our hideaway is backed up to the Lincoln National Forest and overlooks the scenic Lane Ranch and James Canyon. Come see the wildlife with us as Deer, Elk, and Turkey are a common sight in our park and in the valley below. Experience the tranquility that only nature can provide, and spend some quality time with the ones you love. For a weekend, a week, or longer, our rustic cabins are just what you need to "get away from it all". Come and see what you've been missing.

GET AWAY TO LAZY DAY

There's nothing like getting out of the heat to the cool mountain air in summer. Or visit us in the fall for the exceptional local hunting season or to see the brilliant fall color. In the winter, come experience the snow. You can enjoy skiing and tubing at our local ski mountain, sledding or snowmobiling in the national forest, or just building a snowman together with your kids. Or spend your family's spring break with us. Every season has something to offer.
